

Stuff To Do

Do the dot-to-dot with a sharp pencil or a pen

Colour in the bridge using crayons, pens, or paints

Label the bridge using the *What Bit's What?* helper box

What Bit's What?

Towers - the tall pillars which, on this bridge, are made out of stone

Deck - the 'floor' of the bridge. The bit you walk on!

Main Cable - the long wire going up over the towers at each end and down to the deck in the middle

Hanger - the vertical cables going from the main cable to the deck

Abutment - the anchors that hold the main cable secure at the ends of the bridge, hidden away in the stone / floor
